

Happy New Year!

We are well and truly into the New Year. A couple of months have gone already. We've got a great year ahead.

For those of you planning to visit Sydney for **Designex** in April, may I suggest you plan a visit to our new remodelled showroom. I promise it will be worthwhile. May I also suggest that you put **BMAA Expo** 21-23 July at Royal Pines on the Gold Coast on your schedule. For anybody interested in window coverings, this is the show. You will see the latest innovations from Europe (and the rest of the world) and learn more in a day than in weeks of alternative searching. This is a once in three year show and it's a cracker. You will make money from what you learn. I'll guarantee it.

Our remodelled Trade showroom opening

Our Showroom has had a facelift for the New Year. Its really starting to look fantastic & we'll have an opening during **Designex** - so put in your calendar **Thursday 22nd April**. Our parties are always worth coming too.

What's new from Peter!

XL50 Pleat. Motorisation & Top Down option.

■ We now have the components to motorise XL50 pleat and will shortly also be able to make the amazingly flexible XL50 'top down' blind. For the new 'top down' XL50 option, just add 20%.

■ We now have stock of the primary colours that have featured in some of our advertising. These are not in your sample set but are available.

* Controller for XL50

New Internal & External brochures just released

We have just released hard copies of our 2 new 4 page full colour brochures of our Internal and External ranges. The external brochure will be particularly helpful to architects and designers who use our external service. You can ask for a copy and also see them online along with our new 64 page colour brochure which is only available online at this stage.

New 2010 Pricelist released

We've printed V2 of our pricelist. It has some minor corrections, listed on the rear of this newsletter.

Please update your pricelist accordingly.

Custom painting venetians & woven timbers

Its worth noting that we are one of the few remaining companies who offer Cedar venetians and woven timber in custom paint and stains.

This applies to 46, 60 and 85mm blade widths and our exclusive Ballauff French woven timber.

Interior & exterior work for designers & architects.

We offer a specialised service to designers and architects for our exterior range of products including aluminium venetians, folding arm awnings, Sundream roof blinds and Vertiscreen straight drop awnings. We do easy and difficult jobs. See our website for some of our offerings.

Request a visit

Damien is going to be visiting every state within the next few months. If you want a visit from Damien to run through all our products, drop him a line at damien@petermeyerblinds.com.au and request a visit.

2009/2010 Pricelist updates

We have printed version 2 of our pricelist and listed below are the changes made. You can update your version very easily with the following changes.

- **Page 3** Screen Opulence moves to G3 from G4.
- **Page 6** Point 3 - Silent motors. Add \$150 to RTS motor price.
- **Page 7** ▶ Manual Headbox with side channels. Underneath should read "Price group 3 roller plus cost of 70mm headbox and side channel from bottom of page 5 + \$200
▶ Motorised headbox with side channels. Underneath should then read " Plus \$200 and add motor required. Wireless motors at \$625.00 or \$930 for RTS plus remote would be a price guide"
- **Page 8** First group in all groups should be 850mm.
- **Page 11** Remove line that says Minimum size 600mm etc. This is not correct . Correct sizes are on page 9.
- **Page 15** Somfy Ultra Silent Motor- Add \$150 to RTS motor.
- **Page 16** Under Motorised Romans, Woven timber and Chinois add "40mm Non RTS \$950.00"
Also under Controllers and switches.
Inis Uno Hard Wire Switch is \$50
Inis Duo Hard Wire Switch is \$70
Under 4 Channel remote control
Lounge Black should be \$250.00
- **Page 25** Under point 4-add for pricing refer page 16
- **Pages 30, 31 & 32** Some Visionwood and Basswood sizes wrong on these 3 pages - some of the grid sizes are missing a '0'. 1500mm reads 150mm for instance. Its pretty obvious but just thought I would mention it.
- **Page 33** "wire side guides "for E2 add \$65.00"
These are standard and included in E1.
- We have also added a stack height chart for XL50 pleat and a photo of a double bracket on page 34. These photos are available on request and will also be published on our website.

Signature Collection updates

Please update your Peter Meyer Signature Collection with these upgrades and deletions. keep these current and up to date please.

- **Please remove:** Malta blackout and translucent + Ara + Gemma + Montana + Sunpro bloc Remove Slate and White only.

Signature Collection special offer.

- Due to the high demand of the Signature Collection we are desperately low on stock. If anyone is not using their Signature collection, (although they are missing out if they are not!!), we are happy to buy them back for \$100 credit against your next purchase. Please contact Simon for more details at simon@petermeyerblinds.com.au

MotoGlide & PanelGlide

Powdercoated Grey only. We have released our new panelglide system which features a very simple motorisation add on. Trade clients are welcome to purchase just the track system and supply their own panels, or you can buy the whole system with panels from us. Manual cord or hand draw operation is also available. This is a very smart looking system.

This is another exclusive Peter Meyer product.

* Controller for MotoGlide

I hope you like our updated newsletter format, & I look forward to regularly bringing you the latest window covering products from around the world. Exclusive of course, to Blinds by Peter Meyer.
