

Blinds by Peter Meyer

# Shangri La

---

## Styles:

A translucent or opaque [ Moonlight ] fabric vane suspended between two layers of sheer fabric - offered in a range of 12 subtle colours [ 8 translucent + 4 room darkening ]

## Operation:

Smooth continuous cord operation allows the fabric vane to be angled open to filter light, tilted closed for privacy or rolled away into it's own neat headbox when not required.

## Privacy:

Closed vanes achieve total privacy.

## Thermal Properties:

UV blockage 99% when closed, approximately 80% when open.

## Composition:

100% Polyester

## Motorisation:

Wireless lift and tilt only and fully intergrated 240 volt.

## Maximum Size:

2870mm wide x 3350mm drop - Translucent.

2900mm wide x 3000mm drop - Moonlight.
